Dear Mr. Tubiana:

Thank you for your letter regarding people who are misdiagnosed with Type I Diabetes and the C-Peptide test. I appreciate your taking the time to write and the information you sent regarding your research study.

As you may know, I was diagnosed with Type II Diabetes before I decided to make a lifestyle change, so this is an important issue to me. Please know I am forwarding your letter to my Health and Human Services Policy Advisor, Joyce Dees, for review.

I also wanted to thank you for your kind words concerning the Healthy Arkansas Initiative. I want to encourage you to keep up the great work of educating others about the dangers of being misdiagnosed with Type I Diabetes.

Sincerely yours,
